OCTOBER 3
THURS. EVENING - 7:00 PM
MACHINIST HALL

Irma Gail's lecture will be DESIGNING YOUR OWN TRADITIONAL QUILT. Slides, quilts and a detailed discussion of award winning designs will give Minnesota quilters a fascinating glimpse into the wonderful quilts Irma Gail is so well known for.

OCTOBER 4
FRIDAY MORNING - 9:30 AM
MACHINIST HALL

Irma Gail will again be using slides and quilts to show how to come up with designs which can be used to quilt a particular quilt in her lecture, QUILTING DESIGNS: WHAT TO PUT WHERE.

Irma Gail is from Conway, Arkansas and has been winning quilt awards and writing articles shortly after she started quilting in 1982. Her 1994 quilt "Conway Album (I'm not from Baltimore)" won the Ginger Award for excellence in workmanship and $10,000 from the AQs show in Paducah, Kentucky. She is a former school teacher and has written two books, has published many articles, and always has new and exciting projects in progress. She is a former Arkansas Quilters Guild board President and former President of the American/International Quilt Association. Mostly Irma Gail is a wife and mother, grandmother, who just quilts, all day/every day, and she loves it. Her enthusiasm is contagious. Everyone will enjoy hearing her lectures.

HOW DO I GET TO AN MQ MEETING??? - DIRECTIONS:

Be sure to do a laundry test of your signature on a sample before you attach this to your final quilted project. Ima told me that a gal signed her quilt, and after she washed it it was all bloated and ran all over, and couldn’t read it at all! I know that you are out there just waiting for a good opportunity to send in some hot tip or a hint that helps you get your quilting done faster, smoother, cheats a little or you may even get someone else to do it for you (does that count?) Ah well, let the editor know how you do it. *(She needs lots of help, Ida.)*

NOTES FROM THE PRESIDENT

Wasn’t the State Fair wonderful? I only went three times this year, not quite enough! I helped hang the quilts before the opening and kept seeing new ones every time I went. I even demonstrated quilting but talked to so many people that I only took about 10 stitches. Time just flew by. Did anyone see the cookies that had violets painted on them?

As the MQ board meets and we discuss what we’ve been doing, we realize that we need your help.

• Karen Golden may need help with the Fall Getaway next year.
• Mary Drabik, membership, loves the computer work, but needs help collecting new memberships and renewals at the meetings.
• Buzzy and Sandi may need help making banquet favors and center pieces.
• The Minnesota State Fair is looking for someone to research the Sweepstakes winners of the fair in the past. They do have some records to begin the process.

• Wouldn’t it be nice to have our collection of slides developed into a video?
• I received a call from the wives of the Minnesota Twins, who do a fundraiser every year. They saw our quilts at the Ronald McDonald House and thought it would be special to design and raffle a “Twins Signature Quilt” next year with the proceeds going to the Ronald McDonald House.

Jenny and Sandi said that they would need many hours of help to complete this project by February. Are you interested? Give Sandi Irish a call (see page 2).

Are you interested in any of these projects and can lend a hand to our MQ group? Just give us a call and we will connect you with the person and the project that you’re interested in. There are many other projects that you might want to volunteer for with our organization, without driving all the way to St. Paul. Won’t you please consider one of the above projects, or let us know what you may enjoy volunteering for, there may already be something just waiting for you!

SEW LONG,
BARB

ANOTHER QUILTING GROUP!

In the beautiful north woods of Itasca County, there is a group of gals who LOVE TO SHOP for fabrics, feel fabrics, cut the fabrics into pieces and most of all, make QUILTS. Jan Puline of Marcell, Minnesota learned that a gal from Minneapolis (Margaret Maki) was moving to the area was a QUILTER and TEACHER, it did not take long before they found another gal (Barbara Ryan), they combined their ideas and the root of the group started. From the meager beginnings of fifteen interested gals, some of whom never quilted, wanted to learn, share ideas, and have grown to an astounding number of fifty-five quilters. Recently these quilters had the opportunity to delve into a TREASURE CHEST of old quilt books, patterns and memorabilia from a summer resident of the area. What a treasure this chest has become, a history of applique patterns of one lady.

It was only in their second year, they were invited to have a quilt show in conjunction with the Northern Itasca Hospital Auxiliary of Bigfork Craft Show in August 1993. What a hit this show was and again this August, they had another show in Bigfork.

For the past two years they joined, along with Loon Country Quilters (from the Grand Rapids area) putting on a Quilt Show at the MacCroskie Gallery in Grand Rapids. These shows have created more traffic thru the gallery than any other show, a plus for the quilters of Itasca County.

With their interest of quilting, these three gals do planning, teaching and wheedling for their amicable quilters. Northwoods Quilters meet the third Tuesday of each month, except December, or when there is a snowstorm, or if it’s -20°F or colder, at the Marcell Town Hall at 9:00 a.m. sharp to 11:30 a.m. Along with regular meetings, they have scheduled day day quilt-in parties, and special day classes, in which they teach another form of needle art. These classes might be all hands-on kit classes that might end up with wonderful heirloom treasures.

Uniquely enough, other quilters and needle art friends have contacted Northwoods Quilters with offers to teach, have show and tell, which they gladly fit into their schedule. Members of the group share in many other ways, also helping the three teachers, and most of all share in their enthusiasm ofquilts. For a schedule of what’s happening with “Northwoods Quilters”: write to Jan Puline, HC 1, Box 201, Marcell, MN 56657. Please send a SASE with your letter.

MEET ANOTHER BOARD MEMBER(S)

JOAN FLEISCHHACKER/EDITOR

I’m the fill-in person this month. How convenient, as I have a lot to say, if Ida and Ima don’t edit it all out!

As time goes by and I see the end to my editorship for your MQ News, I think on all the great “quilting stuff” I was fortunate to see first. The notice about the great turnout at the MN State Fair, the latest news about the teachers for the shows, and what great members we have they write in and let us know. Yup, I miss a few things here & there, no it’s not old age (though the kids have mentioned that topic a couple of times). Here’s some of what goes on for the editor: I get lots of mail-about 25 envelopes—not counting all the advertising. I travel a bit to see all the quilts at the meetings and to get some quilting news, participate in the board meetings, etc. (from Hutchinson and attending onboard & one general meeting each month), I put on somewhere around 3, 600 miles per year. Sometimes I write to individual members in our group (close my eyes and put my finger on a name in the directory, so it’s fate that gets you!) to ask them to share what is going on out there, where they are getting all the quilting information that some of us don’t get. I really get good response from those that I contact directly. I’ve used my photo’s from time to time in the newsletter, I stopped in at the 1996 MN State Fair & took pictures too. And I’ve stayed up late and started early (3 a.m.) to get the newsletter to the press so we get it on time.

But it all adds up that since I’ve taken this position on the board, I’ve had a great time! Met great people and gotten some great tips on how not to get those quilts done! Shop til I drop!

Oh yes, I suppose that you are curious about me if you didn’t see the last bio I did in 1995. Well, I have two sons, Neil is a student at the University of Minnesota - Economic major (with a great financee, Shelly - who treats me to quilting books for my birthdays!), And Justin is a sophomore at Hutchinson High School, who will be carving the slopes at Kimball’s Powder Ridge ski area this winter, and learning to drive. And Daniel is my significant other who has put up with me for the last 6 years. He encourages all the artistic flair I can dig up as I work on my quilts. As he is very artistic! And lastly my family-I have 5 brothers and 5 sisters, and none of them sew! My Mother is the greatest, she has so many interests and shared those with us. She showed me how to sew in 6th grade, and now I’ve got more fabric than she does! Let’s go shopping, Mom!

AND WHERE IS THE STRANGEST PLACE YOU SAW A QUILT?

I’ll bet you can’t top this one!! I was at Brainerd International Raceway in August 1996 for the CRA sport motorcycle races (yes, we have two in the garage!). And you’ll never guess what I saw! There was a young racer there who looked like the “boy next door” and there was his race motorcycle inside a pole barn, on a clean cement floor, but that wasn’t enough, he had his race motorcycle on top of a quilt! It was probably a beautiful quilt when it was new. I tried to take a photo, but it didn’t turn out. I’m sure this fellow thought I was crazy. Here I was looking at a ragged, old frayed quilt, in minute detail, enjoying the black silk, with red quarter inch strips set at an angle & accented by a red quarter inch inside border; while his beautiful red & black (yes-it matched the quilt!!!), high tech, finely tuned, and expensive motorcycle was there for all to admire! Dan tried to explain what I was doing, but what a look I got! A quilter at a “Bike” race! Come On!!!

HAPPY QUILTING!

ANNUAL MQ SHOW - "QUILTS ON THE WATERFRONT"
DULUTH 12, 13 & 14, 1997

This month, Shirley and I want to tell you about all the great prizes that will be given away at our show. First of all, you’ve just gotta get those quilts going for the judged category, because Helen Smith Prekker (publicity and sponsors) has come up with eight terrific sponsors for us, and she’s hot on the trail of the ninth! This means that we will have more categories for you to enter your quilts in, and more opportunities to win big prize money... over $7,500 total! We’ll have the categories listed in a future newsletter and also on our web page, along with our sponsors.

We have a great sponsor for our Challenge, so those prizes will be bigger and better than ever, including a custom traveling ironing board/cutting table combo, with a Rowenta iron. Plus, we’ve got shopping sprees through the vendor mall or Keepsake Quilting gift certificates. Our packages for the Challenge have all been sold, so there should be about 375 busy brains out there, thinking up all sorts of unique entries.

Many of you had an opportunity to see our beautiful raffle quilt, at the Rochester Show. To encourage more MQ members to sell their allotted tickets (and more) we are giving tot he member who sells the most tickets, an authentic 1938 Singer Featherweight sewing machine! It has been all professionally cleaned and reconditioned, has its’ box and many attachments, and is all ready to come home with you, if you sell the most tickets!

Even at this early date, we have wonderful door prizes being donated...books from C & T, bots from Warm and Natural, a two night’s stay at a beautiful bed and breakfast in northern Minnesota...AND we have come up with a new system to give them out, that is less time consuming. We’ll explain, another time.

We just wanted to give you an intriguing little peek into the super rewards, if you come and participate in our “Quilts on the Waterfront”. So, get your nimble fingers flying!

DULUTH COMMITTEE
CHAIRPERSONS...

HI, JUDY TIMM HERE. WHO AM I?

A retired female born just ahead of the baby boomers. Now by retired I mean from Minnesota Power, where I worked as a secretary for 15 years, and where I learned my computer skills, thank heaven. About 4 years ago, I walked into Fabric Works, a quilt store in Superior, Wisconsin, and exclaimed, “Oh my, I think I have found my second home.” (The fabrics were and are out of this world.) Little did I know the truth of the statement as I now work and teach there part time, the most fun job I ever had. What do I like most about quilting? The color, combing colors to see what evolves.

When I think of events that change the direction of your life, my husband, Chuck, also retired, suffered a severe stroke the day after Easter. You back away to see just what is important in your life, Chuck recovering and quilting. Oh yes, we have raised 4 sons. One attended UM at St. Paul where I discovered the fabric shops in the area. Necessity the father of invention - I learned to drive in the “Cities”. If I wanted to shop, I had to drive.

Why did I agree to take on he job of co-chairing registration - nuts? I hope not. Claudia Myers asked me, and I felt it an honor. And most importantly, my Co-Chair-Joanne Line, is a great person to work with. The quilting community here in the Duluth/Superior area is like a family, and when you belong to a family you have to contribute. In addition to the hard work, I believe it will be fun. Duluth is a great place! The waterfront area is most interesting and the show is located there. Come and see what we have to offer. I guarantee a wonderful time.

CHALLENGE COMMITTEE
SUSAN MANNING AND JUDY TREMPE

Quilting does make great friendships as well as quilts! We first became friends as members of a local community service club in Coon Rapids in the '70s and later renewed our friendship at a Minnesota Quilter’s meeting in the late 80’s. Since then, we’ve been hanging our and having fun going to quilt shows, meetings, class-
es, shops, and even Quilt camp. We discovered that we have a lot in common besides quilting. We both like to read, listen to the same music, attend plays and dance concerts and do a lot of things with our families. We even get to visit our sisters together because they both live in Duluth!

Working together as co-chairs of the Challenge Committee for the 1997 Quilt Show is another thing we enjoy doing together. All 296 Challenge fabric packets were sold during the first two days of the Rochester Quilt show! Wow! So the “Cut Ups” have been busy putting together more packets. With our committee Kris Campbell and Vicki Strommen we have now cut and packaged a total of 377 packets. Are we trying to get in the Guinness Book of Records?

We’re hoping imaginations are going wild and entries are already being created for the challenge. WE are eager to see the entries as we know they will be inventive and clever, with lots of variety from the talented quilters who purchased the packets. Something else we get to do together! We can’t wait for the mailman to come!!!

Unfortunately we didn’t get a photo of all the volunteers who participated, but at left are just a few dedicated MQ quilting volunteers we captured on film! Quilting demo’s at the fair for three days by MQ members. Thanks to all the volunteers that made this project possible.

At right: the 4-H quilt exhibit, these young people really did a wonderful job. Hats off to them!

ST. PAUL, MN
1999 MQ SHOW

Yes, that is right I said 1999. We are beginning to plan for the show in 1999. We will be at the Radisson, St. Paul. We are already planning our faculty! My faculty chairs are very excited.

The theme for the show is “Retrospectives: A Century of Quilts.”-Along that line, a color scheme, logos and a raffle quilt must be designed. If you have contemplated volunteering your time and creativity for the production of the Annual Show, now is the time to call and ask about positions and opportunities that are currently available. There are still many committee chair positions open.

Look to this column as the months pass for more information regarding the planning and strategy of this event in 1999. If you are interested in any of the positions still available and wish to apply for these positions, please contact Carolyn V. Peters at 612-735-0053 for details. Carolyn V. Peters (1999 Show Chair).

STATE FAIR NEWS!

A big THANK YOU!!!, to the more than 50 Minnesota Quilters who volunteered at the Minnesota State Fair. Your willingness to help spread the word about our outstanding quilting guild was really appreciated. This year we increased our demonstration time to three days. There were plenty of volunteers to demonstrate quilting and plenty of interest in quilting from people attending the fair. A special thank you to Judy Dahl in coordinating this event.

100 YEARS OF MINNESOTA STATE FAIR WINNERS

This is the title of a display at the 1997 Minnesota State Fair. The MN State Fair would like MQ members to research their records to try and locate past Quilting winners from 1900 to the present. About 10-15 quilts will be in the display. Along with the winning quilts will be a step-by-step display on how quilts are made. If you are interested in doing research, working on the step-by-step display, or chairing the committee, please contact Audrey Mead at 612-731-3053.

TIME & TIME AGAIN...

Judi Smith

First there was black and white television and only one channel.
And that was good.

It gave people something to do at night.
Reruns hadn’t been invented yet & everything was first run.
And that was good.

But then, there were networks, three of them. And they all had programming that was pretty much the same. They showed re-runs during the summer, but it was a good time not to have to think a lot.
And that was good.

Then one day, cable was invented.
Now you have 60 channels. Some of them were better than others, the Shopping Channel comes to mind,
But that was good.

For some of us, the history of our evolution in quilting has been a lot like television. First, there were just us. We didn’t know a whole lot, didn’t own many books, and our fabric supply was pretty much limited in its color range.
And that was good.

Then we discovered a quilting group.
And that was good.

Or a class or just some new friends who liked this hobby as much as we did.
We met at their houses, then started going on fabric buying trips and pretty soon, our collection of fabrics had color.
And that was good.

But now, we’re like cable. We’ve got bookshelves full of books to choose from, we’ve expanded the number of quilt shops, we can even call and order fabric and they’ll ship it out Federal Express, and we’ve got lots more quilting friends.
And this is good.

Not all of our quilts look the same, just like all the stations on cable don’t look alike.
And this is good.

We enjoy each one for the something different that it has brought into our lives.
And this is really good!

Once a year we even get away from our televisions and solitary quilting, and go to the quilt show. We take classes, bid on quilts (kind of like QVC, huh?), and share what we’ve seen with old friends.

She also received a second place ribbon on her “Star Charm Confetti” quilt and a second place ribbon on her stained glass, “Butterfly” wall hanging. Way to go, Betty!
- Ida let me know that an exciting adventure happened to a Minnesota Quilter member named, CHARLOTTE WENGER. At the 1995 Minnesota State Fair Charlie won first place in the wall hanging division, for her “Advent Tree”. This was an honor in itself, but more was coming! Family Circle magazine asked to have Charlie submit the quilt for a photo session. It will be featured in a special Christmas issue called, “Christmas Helps”. This issue will be available on the newstand on October 1, 1996.

DEAR SPONSORS:

My belated thank you for your sponsorship of the Minnesota Quilter’s, Inc. Conference and Show, June 20-22, 1996. Penny’s Star by Kathy Munkelwitz won a second place ribbon in the Traditional Pieced category. It also won the Best Machine Quilting award, and in additional Kathy was kind enough to pass that on to me as a quilter. What a thrill it was to receive this award along with a beautiful ribbon.

Your support of events such as the Minnesota Quilter’s Show and Conference is greatly appreciated.

Sincerely,
Marcia Stevens

and new friends, and just people that we’ve met. I actually worked with someone who said she wouldn’t ever go to a quilt show, it would just fill up her brain with a bunch of stuff she didn’t want to make and didn’t like anyway. Without all the different ideas that we see along the way, quilting would have gotten boring a long time ago. So keep making those different quilts and hanging them in the shows, they may not be my style, or I may never want to make one, but I sure enjoy looking at what you did and admiring how you did it. I’m not ready to go back to one channel in black and white again!
