Message from the Day Directors

Just as the saying goes: "April showers bring May flowers," so it is with Minnesota Quilters. For five months you were showered with clues for the Mystery Quilt. Then, there were a couple of months for growth. Now, May is here and it is time to blossom forth your mystery quilt. This is part of the programming for May meeting. Even if your quilt is just a bud, bring it. (Remember blocks can be pinned into place on a sheet. The program will allow voids in the pinning!)

MQ day group wants to thank Martha and Doris for providing a festive atmosphere for MQ's 23rd birthday party. Doris, the cakes were worth the wait!

We look forward to seeing you at the May meeting with mystery quilt(s) in hand.

May Meeting - It's a Mystery

At the May meetings, we will feature a mystery, all mysteries, any mysteries. Quilters are fascinated with mysteries. Quite a few quilt-related books involve mysteries. It is indeed one of the most popular genre of literature. It seems that this love of mysteries flows over to the world of quilting. Thanks to the mystery created by Quilts by the Falls, we are ready to see what the clues have wrought!

When the mystery was introduced, Quilts by the Falls was our MQ Vendor and a casual observation proved that a great number of "Mystery Kiss" left the Machinists' Hall. So we are expecting a wonderful number of these completed (even "summer weight") mystery quilts. If you were not able to finish your quilt, bring your very best excuses. We will be awarding people who provide us with the best excuses (as voted by the audience).

Since we will be steeped in the aura (the fog?) of mysteries, please bring along other mystery quilts that you have completed (yes, even those "summer weight" quilts). If your small group regular participates in a mystery quilt, bring them along (you can bring the people, too!). If you are asking, just "regular" show and tell is always welcome! We hope it will be fun and a great lead into the annual quilt show.

Our vendor for the month of May is Gallaghers from Gibbon, Minnesota.

In addition, the MQ Merchandise folks from MQ 2001 "Quilts on the Waterfront" will be offering t-Shirts for sale.

From the New Editor:

As I take over as Editor for MQ News, I would like to extend my heartfelt thanks to Sue Rutford who has been our editor for the last four years. As I begin this journey, you will notice a few changes, all of which we hope will be for the continued growth of the newsletter and our increased service to the members.

I would also like to encourage a greater participation by the membership. We are creating several new columns that will be recurring columns. Once such column will be "Letters to the Editor". In this column, the MQ Board, as well as the Editor, will answer questions, post comments and the like received from the members. We will also be introducing the MQ Board members, as well as the Chairs of the MQ Standing Committees.

In another column, we are looking for comments, observations and experiences from quilt shows around the US and Canada. This column will be titled "Road Trippin' and Stitchin'." If you are going to QNS in Paducah, KY or Quilts on the Waterfront in Duluth, MN, please send your comments, observations, etc. Popular columns, such as "Reflections by Laura Salberg" and "The Computerized Quilter" by Cindy Thury Smith will continue. We are also hoping to provide some timely book reviews, as well.

In case you are looking for your June/July double issue, please note that this will be mailed at the end of June. In this newsletter, we will have the results from Quilts on the Waterfront. We will also be introducing the new Board of Directors.

If there are additional items that you would like to see in the newsletter, please be sure to let us know. All letters and comments, or, if you are interested in writing a feature article, please send an e-mail to editor@mnquilt.org or send to: Carolyn V. Peters, 1640 Quail Ridge Circle, Woodbury, MN 55125.
Quilters' Bookshelf

We are looking for volunteers to help with the library work at both May meetings. We'll meet in the library at 4 PM on Thursday and 11:30 AM on Friday. We have more books to process, barcode, and shelve. Plan on helping out before the May evening meeting or after the May morning meeting. Thanks for all your help so far. We're beginning to see the light at the end of the tunnel (bookshelf?).

NOTES FROM THE PRESIDENT

I hope this newsletter finds you well and happy. Have your tulips and daffodils come up? Have you gotten your gardens and window boxes planned with all the catalogs that come in the mail during the winter? If you have been itching to get outside and can't, have you taken the time to get your quilt binding finished and send in your quilt registration for the show in Duluth? I hope so, cause the more quilts we have the better the show.

If your spring is taking FOREVER to show up like it is here in Minneapolis this year, I have good news for you. Duluth is a couple of weeks behind Minneapolis weather and we should get a chance for a second (or prolonged) spring when we get to Duluth the first part of June. After this long winter, we deserve it and I look forward to driving up and finding the lilacs and lupines in bloom along the road. Even if the weather doesn't cooperate, I am sure that the Duluth show committee will arrange to make us all feel like it is 95 and sunny when we get there.

Spring is a time of renewal for all and I look forward to our annual show to reinvigorate my quilting passion. All the fresh ideas, colors and designs are just the ticket to get those creative juices flowing again after a long winter. We get to meet quilters from all over the state (and other parts of our world) who share our love of our art and we refresh our treasured old friendships with new experiences. The show also pushes me to get things done and that, as Martha says, is a "good thing".

Our show would not exist without the dedicated committee that comes forward each year to put in many hours of effort for our benefit. I thank Claudia Myers and Jessica Torvinen and their crew for all their efforts on our behalf and look forward to seeing them soon. I also thank all the MQ members for your continued support of our organization, we couldn't do it without you.

See you at the show!

Susan MacLennan

Sometimes a technique sounds interesting but you're not sure if you want to invest the time and money to try it. A little online research can help you make that decision. I decided to do a little research on Sashiko. For background and history, plus some definitions, general instructions and a few Sashiko patterns, visit the World Wide Quilting Page at http://mail.kosmickitty.com/FAQS/SashikoFAQ.html. To see an example of just a little Sashiko jazzing up a jacket, visit http://www.purrfection.com/gallery/011pthom.htm and scroll down to the bottom of the page. Eastwind Art, located at http://www.eastwindart.com, has patterns and supplies for Sashiko. If you think you'd like to try Sashiko using your sewing machine, you'll definitely want to visit Bette Gant's web site at www.betegant.com. She has supplies and patterns for clothing and accessories; some of these are really lovely. A search under Sashiko at Amazon.com will easily give you a dozen books to check out.

Speaking of checking it out, if you didn't get all the classes you wanted at the Duluth show, you can still visit the web sites of many of the national teachers. On the Faculty pages (pages 15-17) of the Quilts on the Waterfront show brochure, directly under their names, the web site URLs are given for many of the teachers. They are also available at the MQ web site.

Live long and sew many quilts. See you at the Show!

Praises to the Women On My Journey

To the women on my journey
Who showed me the ways to go and not to go.
Whose strength and compassion
held up the torch of light and beckoned me to follow...

To the women on my journey
Who showed me what I am and what I am not.
Whose love and encouragement and confidence
held me tenderly and nudged me gently...

To these women I say Bless you and Thank you
from the depths of my heart.

When I read this poem, it immediately brought to mind all the women on my quilting journey. Each and everyone of them, in some manner, has blessed me. I started my journey 17 years ago and along the way I have been truly blessed.

I have met the most wonderful people, some who, to this day, I can call my friend. Others I met in passing, in a class, or admiring the same quilt, or sitting beside them at a meeting. Each one of these women in some minute way touches our lives and makes us better for it.

I know when I look at my quilts that I have been blessed by many women. First and foremost, I would never have attempted the "A" word--appliqué--if it hadn't been for the encouragement of two friends and the teacher that showed me "my life of fusible appliqué was over". I really could do this and I have been hopelessly hooked ever since.

The women who have given away all those tips to make my points sharp, my 1/4" seams a 1/4 of and inch and to "creatively" press them when they are not--have certainly blessed me. I have been given advice on the best batting, how to needle turn a perfect point, and been told "you're no going to use yellow there are you?". You have helped put fairly even quilting stitches in my quilts and you have machine quilted beautiful patterns in my quilts and made them into something I could only have imagined. Yes, I have been truly blessed. As you look at your quilts, think of all the women on your journey. Our quilts would not be what they are today, had it not been for the encouragement and advice we received along the way. To these women we say Bless you and Thank you from the depths of our hearts.

They are looking for a wall-hanging that will illustrate their nine family strengths landmarks: health, communication, time together, spirituality, support, respect, unity, cultural traditions, and extended sense of family. They will use this quilt during presentations to tell people who they are, and at the end of the fund raising they will use it as the main prize. MQ Website - Members Only Page

Just a short note to let you know that the Members' Only website has not gone live, at this point. The programming is not working as well as I would like, which has delayed launching the scripts. I am hoping to complete the programming early this summer. Once the programming is complete, we will launch that portion of the site. Once launched, you will be able to click on the Members' Only site and if you do not have a user name and password, you will be able to select one. Once you complete the "application" for a user name and password, your name and MQ number will be compared to the current membership directory. This membership directory will not be on the server. This comparison will be manually completed, from a paper copy. Thank you for your patience!

How do I get to an MQ Meeting???
Machinists' Hall is at 1399 Eustis Street, St. Paul. From Highway 280 take Como Ave. exit. If coming from I-94, turn right at the bottom of the ramp. If coming from the North, turn right on Eustis Street. The Health Partners (was Group Health) building is on the right.

BLOCK OF THE MONTH
At the April meeting, the winner of the "Capital T" blocks was Nancy Bekedam from Japan. At the May meeting, we will draw for the "Star Variation" block. Please join us in the block of the month drawing. See page 4 for the next block and how to become a winner!
