

Raffle Quilt Winner, Karen Snaza, from Richfield

I'm still in shock winning that quilt. It is the most beautiful item I own. Thank you again so much. I'm in awe of the talent you women have. Maybe someday I will quilt like that....I've dabbled in some quilt making when I was younger. I made a few baby blankets and throws in just your basic patchwork. I have about 2,000 postage stamp size squares cut to someday put together.

I was at the show for the very first time to see a good friend's entry. I didn't realize what I was in for. I so enjoyed seeing all the entries. They were all so beautiful. I so enjoyed every minute of it.

My quilt will be hanging above our bed. My brother is making me a holder for it. I can't wait to display it. Thank you all so very much
